WOULD UNIONIZE THE ARMY.

Chicago Labor Leader Advocates Organizing United States Soldiers.

Chicago, June 27.—E. L. Turney, secretary of the Teamsters' National union, declared Friday that he is in favor of unionizing the soldiers of the United States army, and affiliating them with the American Federation of Labor.

This statement was made by Mr. Turney during an interview in which he defended the action of Chicago mail wagon drivers, who since last October have twice threatened to strike and interrupt the mail service, but in each case received an increase of pay. He said that he could see no impropriety in the drivers' action. He thought it would be an excellent idea if the soldiers could be unionized also, so that "they can stand together and demand their rights."

CORNELL THE VICTOR

WINS ALL THREE OF INTER-COLLEGIATE RACES AT POUGHKEEPSIE, N. Y.

WISCONSIN FINISHES THIRD IN EACH EVENT THE BADGER CREW CROSSES THE LINE IN THAT POSITION.

Poughkeepsie, N. Y., June 27.—For the first time in years there were distinct surprises in the inter-collegiate races here Friday. Two crews of practically unknown qualities and whose coaches had not predicted or had not hoped for them anything better than fourth or fifth places in their respective races, each finished second in the two most important races of the day. The Syracuse university crew took such close second honors in the freshman race that for the last half mile it was a serious question whether her boys would not pull to victory. Georgetown university, in the 'varsity' race, while finishing a very bad second to the phenomenal crew put in the race by Cornell university, walked away from the other four crews in the race, old timers with the exception of Syracuse, in a manner that made the rowing sharps simply throw up their hats for joy. Columbia university crews, from which very much had been promised, finished in the worst possible shape, although in the betting in the general predictions and in the prognostications of her coach, she was supposed to have an excellent chance in both the four-oared and 'varsity' races.

Beaten Out by Wisconsin.
As it was, she finished last in the four-oared race, being beaten out even by Wisconsin, which had put a green crew in the field in a shell borrowed from Columbia. In the freshman race she was the fourth crew and a poor fourth, Wisconsin was third, with Pennsylvania, from whom nothing had been expected, as her crew had been materially changed in the last few days, a close fifth.

In the 'varsity' race, Columbia finished last, being at least six lengths behind Syracuse, the fifth crew in the race, and at least four out of her eight men collapsing in the boat as the finish line was crossed.

It was, as it has been for the past two years, Cornell day. As in last year's regatta, Cornell won all three races, and while only one record was broken, it is the general consensus that had the Cornell 'varsity' crew been pressed the record would have been broken even in that race. The 'varsity' race, as a matter of fact, was a miserable walk-over, Cornell taking the lead before the mile post had been reached and rowing away from her competitors in a manner so easy that at no time was she pressed for the

first place. The result was that in the last mile, where if pushed she would have rowed from thirty-one to thirty-three strokes per minute, she held a twenty-eight clip almost to the finish, crossing the line at not over thirty strokes per minute and fully nine lengths ahead of all competitors, but as has been indicated, the work of Georgetown in the 'varsity' race was a great surprise. Her crew, instead of being, as in previous years here, vacillating in stroke and form, was in both respects extremely steady.

Georgetown Leaves the Bunch.
At the second mile when it was supposed that both Georgetown and Syracuse would have been practically finished for any place except fifth or sixth, this remarkable crew, with a slight increase of stroke, pulled steadily out of the bunch, and while absolutely unable to reduce the enormous lead of Cornell, showed their superiority over all the other crews in the race.

Prior to the races the four-oared event was practically conceded to be Pennsylvania's, because her four was known to have had more practice than the others and to have shown better form, but Cornell beat her out by a third of a length. The nose of the Pennsylvania shell being on a line with the bow oar of Cornell's shell as the flag fell. Wisconsin was a poor third, almost twenty seconds or six lengths behind Pennsylvania; the curious thing about this being that she was fully nineteen seconds or six lengths ahead of Columbia, from whom she borrowed her shell.

Following is a summary of the races:
'Varsity' four-oared race, two miles:
Cornell first, time 10 minutes, 34 seconds; Pennsylvania second, 10:35 4/5; Wisconsin third, 10:55 3/5; Columbia fourth, 11:14. Best previous time in four-oared race, 10 minutes, 31 1/5 seconds, made by Pennsylvania in 1900.

Cornell Breaks the Record.
Freshman race, eight-oared, two miles—Cornell first, time 9 minutes, 18 seconds; Syracuse second, 9:22 1/5; Wisconsin third, 9:32; Columbia fourth, 9:41; Pennsylvania fifth, 9:45. Best previous time 9:19 1/2, made by Yale in 1895.

'Varsity' race, four miles, eight-oared:
Cornell first, time 18 minutes, 57 seconds; Georgetown second, 19:27; Wisconsin third, 19:29 2/5; Pennsylvania fourth, 19:33 3/5; Syracuse fifth, 19:36 2/5; Columbia sixth, 19:54 1/5. Best previous time 18 minutes, 53 1/5 seconds, made by Cornell in 1901.

Coach O'Dea of Wisconsin said:
"The Wisconsin crew rowed the way they have been taught. They rowed a good race. They simply were not fast enough."

Wisconsin has elected E. L. Jordan captain for next year.
One tragic incident attended the races, by which Edwin J. Myers of Brooklyn, lost his life. Mr. Myers, who is a college graduate and a bacteriologist, was in the crowd that climbed to points of vantage on the west bank of the river. Just after the freshmen race a stone on which two men were sitting directly above the spot where Myers and his companion were, broke loose and fell. It struck Myers and bore him to the ground. His neck was broken.

TWO COSTLY BLAZES

FIRES AT MILWAUKEE DESTROY PROPERTY WORTH OVER HALF A MILLION.

Milwaukee, June 27.—Fire which broke out at 9:30 o'clock last night gutted the building at 313-317 Grand avenue occupied by McCarthy, a tailor, and which extends in an "L" shape to Third street, the Third street section being occupied by Work Bros, a Chicago clothing company. The fire afterwards extended to the Davidson hotel on Third street and to the Boston store on Grand avenue. The total loss is estimated at about \$250,000, partially covered by insurance.

The building occupied by Work Bros. and McCarthy was owned by the Tolman estate and was valued at about \$30,000. From this building the fire leaped to the Davidson hotel on Third street and burned over seventeen rooms and damaged thirty-five others. Several members of the Milwaukee and St. Paul baseball teams and other guests lost all their baggage. From the Grand avenue side the fire leaped to the fourth and fifth stories of the Boston store in the rear and at 1 o'clock was burning fiercely. At 11:45 the fire was under control.

The Boston store will be a heavy loser through water and smoke in addition to which the upper floors will suffer from the fire. The Boston store's loss will not fall much short of \$200,000. At one time it was thought the whole block of buildings would be destroyed.

Fire which broke out about 1 o'clock this morning destroyed four buildings of the plant of the American Mailing company, entailing a loss of approximately \$350,000. The flames spread to the plant of the Kraus-Merkel Milling company, which was partially destroyed. When the fire broke out every engine in the city was at the conflagration raging in the department store section of the city, and the mailing house fire had gotten considerable headway before a stream was turned on it.

LIGHT SEED PACKAGES

AFFIDAVIT MAKES ALLEGATIONS AGAINST A. C. NELLIS OF NEW YORK.

HERMAN TO GET CONTRACT

DECISION HAS CONSIDERABLE BEARING ON THE CASE OF MR. METCALFE.

Washington, June 27.—In the Nellis seed contract suit before the court of claims an affidavit by Charles Kingsley of Falls Church, Va., has been made public alleging that A. C. Nellis of New York, who had the contract for furnishing seed ready for distribution to the government two years ago, directed that no books were to be kept and that the packages should be light weight. The legal representatives of Mr. Nellis are suing for the payment of \$18,000 which Secretary Wilson withheld from the contract payment for alleged non-performance of contract. The full amount of the contract was \$108,000. Secretary Wilson said last night that the \$18,000 was withheld as the result of an inquiry into the work of the contractor at the time and that the government is still in possession of Nellis' bond for \$35,000. Mr. Wilson said that he had directed that the seed contract and its execution be probed to the bottom, and that the investigation has not implicated any government employee. The distributing machines used by Nellis, he said, failed to do satisfactory work and caused serious delay in the annual seed distribution and a great rush of work subsequently, making it impossible for the government inspectors to see all that was being done.

WILL GET THE CONTRACT.

Paul Herman to Furnish Money Order Supplies.

Washington, June 27.—Assistant Attorney General Robb of the postoffice department has submitted to First Assistant Postmaster General Wynne a decision in the money order contract case, which holds that the bid of Paul Herman of New York, who submitted a bid of \$45,000 below that of the present contractors, meets the requirements of law and that he is therefore entitled to receive the contract.

This is the case which led to the recent dismissal of Superintendent Metcalfe of the money order bureau. The present decision has a considerable bearing on Mr. Metcalfe's appeal for rehearing, now pending before the president. Mr. Metcalfe opposed acceptance of the Herman bid. Mr. Robb holds that the award of the contract to any other than the lowest bidder in this case would be in contravention of the interests of the government and against sound public policy. He says that the lowest bidder has furnished satisfactory evidence of his financial responsibility and of his mechanical ability and that the contention of the present contractors who have been fighting Herman's bid, that a bidder must have a plant reasonably fit to fulfill the contract would result in stifling competition, as no establishment could afford to equip a plant on the mere expectation of securing a contract.

AUDITOR PETTY REPORTS.

Says Defalcations in His Office Could Not Readily Be Discovered.

Washington, June 27.—James T. Petty, the auditor of the District of Columbia, Friday submitted to the commissioners his report on the recent defalcations in his office, by which the district loses about \$73,000 and for which James M. A. Watson, Jr., a clerk, is in custody, charged with forgery and embezzlement. Auditor Petty says that Watson covered up his defalcations in such a way that they could not readily be discovered. He indulges in criticism of Commissioners MacFarland and West. Former Commissioner Beach, Chief of Police Sylvester, Clerk Lauman and unnamed treasury officials, holding them in part blameable for the conditions in his office.

CONFIDENCE IN PAYNE.

President Roosevelt Does Not Want Him to Resign.

Washington, June 27.—"The president has absolute confidence in Postmaster General Payne and has no thought that he will leave the cabinet," said Senator Hanna after an extended visit to the White House. He added:

"The president is satisfied with the work Mr. Payne is doing and appreciates his integrity and executive ability. Mr. Payne has no thought of resigning, but if he did, his resignation would not be accepted by the president."

Senator Hanna said it was unfortunate that Mr. Payne's health was so poor and that he could not go away and recuperate, because his presence is needed in Washington at this time.

Lord Beresford's Popularity.

Lord Charles Beresford's popularity with the men under his command is notoriously as great as with the public, says a London cable dispatch to the New York Herald. A good example of his cheery methods of winning it occurred recently during the cruise of the channel fleet. There was a steaming competition, in which Lord Charles Beresford's flagship, the Majestic, gave the other battleships two hours' start and won the race. To mark his approval of the stokers' work, Lord Charles descended into the stokehold, addressed the men in a short speech and provided each of them with a pint of beer at his expense.

MISS IDA M. SNYDER,

Treasurer of the Brooklyn East End Art Club.

MENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a pitiable contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui.

As a regulator of the menstrual periods Wine of Cardui has never been known to fail. It has seldom failed to restore perfect health, even in the most persistent and aggravated case of weakness.

Miss Ida M. Snyder, of No. 535 Bergen Street, Brooklyn, N. Y., has used Wine of Cardui and she says it helped her into a new life. Health to Miss Snyder is worth a great deal. She is an attractive young woman with intellectual attainments and she occupies the position of Treasurer of the Brooklyn East End Art Club. This position marks her as a person of intellect, culture and refinement and it speaks highly of the respect and trust her fellow women have in her. She writes:

"If women would pay more attention

to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicines, observing results, they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

In consulting with my druggist he advised McElree's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Thedford's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

The full amount of the contract was \$108,000. Secretary Wilson said last night that the \$18,000 was withheld as the result of an inquiry into the work of the contractor at the time and that the government is still in possession of Nellis' bond for \$35,000. Mr. Wilson said that he had directed that the seed contract and its execution be probed to the bottom, and that the investigation has not implicated any government employees. The distributing machines used by Nellis, he said, failed to do satisfactory work and caused serious delay in the annual seed distribution and a great rush of work subsequently, making it impossible for the government inspectors to see all that was being done.

WILL GET THE CONTRACT.

Paul Herman to Furnish Money Order Supplies.

Washington, June 27.—Assistant Attorney General Robb of the postoffice department has submitted to First Assistant Postmaster General Wynne a decision in the money order contract case, which holds that the bid of Paul Herman of New York, who submitted a bid of \$45,000 below that of the present contractors, meets the requirements of law and that he is therefore entitled to receive the contract.

This is the case which led to the recent dismissal of Superintendent Metcalfe of the money order bureau. The present decision has a considerable bearing on Mr. Metcalfe's appeal for rehearing, now pending before the president. Mr. Metcalfe opposed acceptance of the Herman bid. Mr. Robb holds that the award of the contract to any other than the lowest bidder in this case would be in contravention of the interests of the government and against sound public policy. He says that the lowest bidder has furnished satisfactory evidence of his financial responsibility and of his mechanical ability and that the contention of the present contractors who have been fighting Herman's bid, that a bidder must have a plant reasonably fit to fulfill the contract would result in stifling competition, as no establishment could afford to equip a plant on the mere expectation of securing a contract.

AUDITOR PETTY REPORTS.

Says Defalcations in His Office Could Not Readily Be Discovered.

Washington, June 27.—James T. Petty, the auditor of the District of Columbia, Friday submitted to the commissioners his report on the recent defalcations in his office, by which the district loses about \$75,000 and for which James M. A. Watson, Jr., a clerk, is in custody, charged with forgery and embezzlement. Auditor Petty says that Watson covered up his defalcations in such a way that they could not readily be discovered. He indulges in criticism of Commissioners MacFarland and West. Former Commissioner Beach, Chief of Police Sylvester, Clerk Lapham and unnamed treasury officials, holding them in part blamable for the conditions in his office.

CONFIDENCE IN PAYNE.

President Roosevelt Does Not Want Him to Resign.

Washington, June 27.—"The president has absolute confidence in Postmaster General Payne and has no thought that he will leave the cabinet," said Senator Hanna after an extended visit to the White House. He added: "The president is satisfied with the work Mr. Payne is doing and appreciates his integrity and executive ability. Mr. Payne has no thought of resigning, but if he did, his resignation would not be accepted by the president."

Senator Hanna said it was unfortunate that Mr. Payne's health was so poor and that he could not go away and recuperate, because his presence is needed in Washington at this time.

Lord Beresford's Popularity.

Lord Charles Beresford's popularity with the men under his command is notoriously as great as with the public, says a London cable dispatch to the New York Herald. A good example of his cheery methods of winning it occurred recently during the cruise of the channel fleet. There was a steaming competition, in which Lord Charles Beresford's flagship, the Majestic, gave the other battleships two hours' start and won the race. To mark his approval of the stokers' work, Lord Charles descended into the stokehold, addressed the men in a short speech and provided each of them with a pint of beer at his expense.

SHOT BY A SOLDIER.

Richmond Youth Persisted in Crying "Scab" at a Car.

Richmond, Va., June 27.—Lester Wilcox, seventeen years of age, was shot by a soldier last night for crying "scab" at a car and refusing to desist when ordered to do so. He is wounded in the hand and hip. The boy was placed on a street car and taken to the city hospital.

William Tucker, aged twenty-three, a passenger on a Main street car, was shot last night at the corner of Main and Betyldere streets. He was peppered in the arm and leg with small shot. Cars were run singly on all but one or two of the lines Friday and at night under military protection.

MISS IDA M. SNYDER,

Treasurer of the Brooklyn East End Art Club.

MENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a piteous contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui.

As a regulator of the menstrual periods Wine of Cardui has never been known to fail. It has seldom failed to restore perfect health, even in the most persistent and aggravated case of weakness.

Miss Ida M. Snyder, of No. 535 Bergen Street, Brooklyn, N. Y., has used Wine of Cardui and she says it helped her into a new life. Health to Miss Snyder is worth a great deal. She is an attractive young woman with intellectual attainments and she occupies the position of Treasurer of the Brooklyn East End Art Club. This position marks her as a person of intellect, culture and refinement and it speaks highly of the respect and trust her fellow women have in her. She writes:

"In consulting with my druggist he advised McElree's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Thedford's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

Word comes from Minneapolis that F. M. Chadbourne is laid up at his home in that city with a broken arm. He had gone down to St. Paul to work a short time and while thus engaged an iron express box was thrown out of a car and struck him on the right arm. He will be laid up for several weeks, but the express company will pay him his regular salary.—Staples World.

Last night there was a fairly good attendance at the Eagles dance in Gardner hall and a neat sum was netted for the Kansas City flood sufferers. The music by the new Brainerd opera house orchestra was considered par excellence and all seemed to enjoy the event very much. On account of the big picnic today the attendance was somewhat impaired perhaps. Great credit should be given the Brainerd Marine band for the excellent concert that was given on the balcony preceding the dance. The boys seem to play better every time they appear and their concert last night was enjoyed by the dancers as well as a big throng on the street.

JACOB THOE INJURED.
Premature Explosion of a Big Cannon at the Shops Resulted in Severe Accident.
The only incident to mar the start, at least, of the festivities of the N. P. employees' annual outing day, was an accident which occurred this morning at an early hour at the shops. William Meekins and Jacob Thoe were firing the big cannon at the shops when the accident occurred. The cannon prematurely exploded and young Thoe was quite badly hurt.
It seems that he was engaged in ramming a cartridge and had hardly completed the job when the cannon went off and he nearly got the full force of the powder in his face, and the ramrod was thrust rather forcibly against his right shoulder and arm, injuring the arm quite severely. Mr. Meekins also had his thumb burned slightly.
Young Thoe was at once removed to the Northern Pacific sanitarium and his wounds dressed. Fortunately for him his eyes were not injured by the explosion as was first reported, and it is thought now that he will come around all right in a short time.

Danger of Further Lawlessness at Wilmington Not Yet Passed.
Wilmington, Del., June 27.—Danger of further lawlessness as a result of the lynching of George F. White for the murder of Helen Bishop has not yet passed. While there is no visible evidence that another outbreak will occur, there is a feeling of uneasiness which has caused the police to take precautions. Late Friday afternoon saloons and all other public places were requested to close at night. This was generally done. Mayor Fisher issued a statement requesting parents to keep their boys off the streets at night. Though the streets in the central portion of the city late at night were filled with pedestrians, everything was quiet.

There were no arrests made Friday in connection with the lynching and the police give no information that they contemplate making any such arrests. There is a feeling among the citizens that the police will let the matter drop in order to bring about peace and quiet.

Details from four companies of the Delaware National Guard were on duty last night in the armory by order of Governor Hupp. One of the guard officers said the soldiers were on duty for the sole purpose of protecting the arms and ammunition in the building.

After a hearing before Magistrate Hollis Friday, Arthur Corwell, arrested on a charge of murder in connection with the White lynching, was dismissed, there being no evidence against him.

The Latest Sport in Paris.
Balloon chasing in automobiles is the latest amusement in Paris, says the New York World. The initial race was run a few days ago, when four balloons sailed away, followed by a dozen automobiles. The fun was fast and furious below and aloft until a sudden change of the wind altered the course of the balloons, leaving the baffled automobilists in perplexity. Nothing daunted, they chased about in all directions, two of them finally sighting one balloon on the horizon and arriving just in time for the descent. With a cheer for their success, they rushed upon the astonished aeronauts, only to discover that the balloon was not one of the competing ones.

BLACKDUCK THREATENED
SPECIAL TO THE DISPATCH:
BLACKDUCK, MINN., June 27, 3 p. m.—For a time today the entire city was in danger of being wiped off the map by a fire which started in a pile of cedar poles. The wind whipped the flames about and a long row of the sporting houses went up in smoke and the rest of the city was in great danger.
Women and children huddled about the depot and a special train was dispatched from Bemidji to be ready to take them out of town, but just at the time when it seemed as though all hope was lost there came a shower of rain and the wind died down. The department at Bemidji, which had been sent for, was wired not to come and the local fire department now have the fire under control.

RAILROAD GOSSIP
The railroad employees are not going into the business of rolling hoops. The supply received at headquarters of the N. P. is to be used to hand messages and especially "19" orders to trains going full speed, says an exchange. The hoop is thrown back at the agent who gets it to hand out the next message desired. The hoops have a slot in one side in which the message can be thrust and the trainmen are to catch the hoop on their arm.

Northern Pacific railroad employees and their families are anticipating a big day at Detroit today, the occasion of their annual picnic, and which is exclusively for them, special tickets being issued. Only holders of tickets will be allowed to ride on the train. The throng of excursionists will be accompanied by the North Dakota State band. It is designed to have the train leave the lakes about 7 p. m. so that homes may be reached in good season for the very little folks.—Fargo Forum.

Roadmaster Tyler now has a large crew of men at work in the yards near the depot shifting the tracks around.

Conductor Clark Haney, of Staples, returned the first of the week from the meeting of the O. R. C. at Pittsburg and stopped in Indiana to visit the family. He will put in a couple of weeks on the examining board at Staples before resuming his run.

The conductors and engineers of the Minnesota division of the N. P. are having their quadrennial examination this week and next, on the transportation rules, at Staples. The examining board is composed of Superintendent Sovereign, Conductor Haney and Engineer Thos. Hooker.

Mrs. John Larson was operated on this morning at St. Josephs hospital for an abdominal tumor by Drs. Camp and Thabes. She is doing very nicely this afternoon and it is thought that the effects of the operation will wear away very rapidly.

Judge Fleming said this afternoon to a DISPATCH representative: "I am attorney for the plaintiff in the divorce suit of Henry vs. Henry, but I do not try my cases in the newspapers. The case is brought for adultery by Mrs. Henry and when it comes up for trial we expect to prove it."

The remains of Edwin Seowen, a Bemidji business man who died yesterday morning after a sickness of several weeks, were brought down from the north this morning and shipped to Amhurst, Wis., for burial. The young man was a Mason and the remains were met by a representative of the local lodge. He was a wellknown young man of Bemidji and was of excellent character.

JACOB THOE INJURED.

Premature Explosion of a Big Cannon at the Shops Resulted in Severe Accident.

The only incident to mar the start, at least, of the festivities of the N. P. employees' annual outing day, was an accident which occurred this morning at an early hour at the shops. William Meekins and Jacob Thoe were firing the big cannon at the shops when the accident occurred. The cannon prematurely exploded and young Theo was quite badly hurt.

It seems that he was engaged in ramming a cartridge and had hardly completed the job when the cannon went off and he nearly got the full force of the powder in his face, and the ramrod was thrust rather forcibly against his right shoulder and arm, injuring the arm quite severely. Mr. Meekins also had his thumb burned slightly.

Young Thoe was at once removed to the Northern Pacific sanitarium and his wounds dressed. Fortunately for him his eyes were not injured by the explosion as was first reported, and it is thought now that he will come around all right in a short time.

Danger of Further Lawlessness at Wilmington Not Yet Passed.

Wilmington, Del., June 27.—Danger of further lawlessness as a result of the lynching of George F. White for the murder of Helen Bishop has not yet passed. While there is no visible evidence that another outbreak will occur, there is a feeling of uneasiness which has caused the police to take precautions. Late Friday afternoon saloons and all other public places were requested to close at night. This was generally done. Mayor Fisher issued a statement requesting parents to keep their boys off the streets at night. Though the streets in the central portion of the city late at night were filled with pedestrians, everything was quiet.

There were no arrests made Friday in connection with the lynching and the police give no information that they contemplate making any such arrests. There is a feeling among the citizens that the police will let the matter drop in order to bring about peace and quiet.

Details from four companies of the Delaware National Guard were on duty last night in the armory by order of Governor Hurn. One of the guard officers said the soldiers were on duty for the sole purpose of protecting the arms and ammunition in the building.

After a hearing before Magistrate Hollis Friday, Arthur Corwell, arrested on a charge of murder in connection with the White lynching, was dismissed, there being no evidence against him.

The Latest Sport in Paris.

Balloon chasing in automobiles is the latest amusement in Paris, says the New York World. The initial race was run a few days ago, when four balloons sailed away, followed by a dozen automobiles. The fun was fast and furious below and aloft until a sudden change of the wind altered the course of the balloons, leaving the baffled automobilists in perplexity. Nothing daunted, they chased about in all directions, two of them finally sighting one balloon on the horizon and arriving just in time for the descent. With a cheer for their success, they rushed upon the astonished aeronauts, only to discover that the balloon was not one of the competing ones.

BLACKDUCK THREATENED

SPECIAL TO THE DISPATCH:

BLACKDUCK, MINN., June 27, 3 p. m.—For a time today the entire city was in danger of being wiped off the map by a fire which started in a pile of cedar poles. The wind whipped the flames about and a long row of the sporting houses went up in smoke and the rest of the city was in great danger.

Women and children huddled about the depot and a special train was dispatched from Bemidji to be ready to take them out of town, but just at the time when it seemed as though all hope was lost there came a shower of rain and the wind died down. The department at Bemidji, which had been sent for, was wired not to come and the local fire department now have the fire under control.

RAILROAD GOSSIP

The railroad employees are not going into the business of rolling hoops. The supply received at headquarters of the N. P. is to be used to hand messages and especially "19" orders to trains going full speed, says an exchange. The hoop is thrown back at the agent who gets it to hand out the next message desired. The hoops have a slot in one side in which the message can be thrust and the trainmen are to catch the hoop on their arm.

Northern Pacific railroad employees and their families are anticipating a big day at Detroit today, the occasion of their annual picnic, and which is exclusively for them, special tickets being issued. Only holders of tickets will be allowed to ride on the train. The throng of excursionists will be accompanied by the North Dakota State band. It is designed to have the train leave the lakes about 7 p. m. so that homes may be reached in good season for the very little folks.—Fargo Forum.

Roadmaster Tyler now has a large crew of men at work in the yards near the depot shifting the tracks around.

Conductor Clark Haney, of Staples, returned the first of the week from the meeting of the O. R. C. at Pittsburg and stopped in Indiana to visit the family. He will put in a couple of weeks on the examining board at Staples before resuming his run.

The conductors and engineers of the Minnesota division of the N. P. are having their quadrennial examination this week and next, on the transportation rules, at Staples. The examining board is composed of Superintendent Sovereign, Conductor Haney and Engineer Thos. Hooker.

COUNCIL GRANTS REQUEST OF EAGLES

City Council Grants them the
Privilege of the Streets for
the Week of July 20th

EAGLES SIGN THE CONTRACT.

And the Merchants of the City
Will Give Carnival Com-
pany Bonus of \$600.

There was a special meeting of the city council last night in chambers, called for the purpose of considering the request of the Brainerd Aerie of Eagles for a privilege of putting on the big street carnival of the Patterson & Brainerd Carnival company referred to in the DAILY DISPATCH of yesterday.

President Crust was in the chair and those present of the aldermen were: Gardner, Purdy, Murphy, C. D. Johnson and F. H. Gruenhagen.

Mayor Halsted was present and he being the gentleman who called the meeting he explained its purpose. He stated that the carnival company, he thought, was a good one and believed that the granting of the privilege would result in much good to the city. All that the Eagles asked was that they be granted the privilege of the streets to put up the tents etc., from July 20 to 25 inclusive, without a license; the council was not asked to contribute money at all.

The matter was quite thoroughly discussed. A. H. Barkley, representing the carnival company, was present and made a statement regarding the performances and where they had been this season. He produced letters from some of the mayors of the larger cities of the state which gave the carnival people quite a send off.

Finally on motion of Alderman C. D. Johnson the request of the Eagles was granted, with the stipulation that there be no violations of the city ordinances on the part of the carnival company.

Mr. Barkley gave the council to understand that there would be no gambling in connection with the shows and that they would be strictly moral and decent throughout.

After the meeting of the council the trustees of the order of Eagles met and signed the contract with the representative of the carnival company. The Eagles guarantee a bonus of \$600 to get the attractions in here, and after that the order is to get a small percentage from the general receipts. A portion of the receipts go to the flood sufferers at Kansas City.

The Eagles are going to turn in and make this event one of the biggest of the kind in the history of the city. There is little less than a month before the carnival will be here, but some diligent work is to be done between now and then and the attractions will be thoroughly advertised, not only in this city, but in the towns and villages near Brainerd.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colds to be unequalled. A recent expression from T. J. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by H. P. THE EXCURSION TO WALKER.

Over Two Thousand People Leave the
City for Walker and Leech Lake
This Morning.

It is estimated that there were over two thousand people who left for Walker this morning on the big N. P. employees excursion. This is the annual picnic of the employees of the shops in this city, and it is estimated that it is the largest that has ever been held.

There were more people around the N. P. depot than has been seen in a long time, this morning. The first section was packed and left a few minutes after 6 o'clock, and the second section was made ready and was also quickly filled, almost to overflowing. This section left about 6:45. The reports from the passengers on the regular passenger from the north are to the effect that the excursionists all arrived safely and the town of Walker is in gala attire.

A ball game will be played this afternoon and the other sports will be pulled off. It is a little windy for boating on the lake, but notwithstanding this, many are taking advantage of this recreation and hired boats early and were off.

The picnicers will probably reach Brainerd on the return trip about 11 o'clock tonight.

IS FINE LIKENESS

Freeman Thorp, Noted Portrait Painter,
Finishes Henderson's Picture--To
Hang in Capitol.

[From the Telegraph-Herald, Dubuque, Iowa, June 23, 1903.]

Freeman Thorp, one of the greatest painters in America, is in the city putting the finishing touches on a life-sized likeness of ex-Speaker Henderson, which will hang in the house of representatives with the other ex-speakers.

The portrait of the former speaker is one of the most notable of the year. Painted from life while Mr. Henderson was holding the second highest position in American public life, it is a fine likeness of the brave Scot. It is a side view and the characteristics of his face are shown to advantage, while the coloring is superb. Looking at it the spectator can hardly be persuaded that it is a portrait--and this is the highest tribute to the artist's handiwork.

Mr. Henderson gave Mr. Thorp four sittings for the portrait, and he has been at work on it off and on since last April. The portrait was exhibited in the Hotel Julien, where Mr. Thorp is staying, for the first time this morning and Mrs. Henderson and a number of the speaker's close friends were enthusiastic in their admiration of it.

Mr. Thorp is brought into special prominence because of the fact that he has recently painted a portrait for former President Cleveland, which has been hailed as one of the best ever turned out by an artist in America. Moreover it is a tribute to his genius to be commissioned to paint the portrait of Mr. Henderson, for it is the height of every artist's ambition to have one of their pictures grace the walls of the Capitol building. Ex-Speaker Reed's portrait was the work of Sargeant and the artist was paid \$1,500 for his work. When it is considered that the friends of the speaker pay for the portrait out of their own pockets it can be seen that there is no favoritism shown when the artist is selected, it being the desire to get the best work done, no matter what the cost.

Mr. Henderson will give Mr. Thorp another sitting tomorrow morning when the picture will be completed. It will be on exhibition in Noyes' Art store tomorrow afternoon.

Other noted portraits painted by Mr. Thorp are those of Secretary Wilson, General Kesler of New York, Associate Justice Nelson, President Grant.

From Dubuque Mr. Thorp will go to Omaha, where he will paint the portrait of Count Creighton. He will then go to Montana where he will do work for the state house.

It is a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

Don't Forget

CASS RAIL BROODS OVER ILL HEALTH

Placing Muzzle Of His Shot Gun
to His Breast He Pulled Trig-
ger with Cane.

WELL KNOWN IN THIS CITY

He Leaves a Wife and Several
Children, Who Live not Far
From Pillager.

Editor Pennar came in from Pillager this afternoon bringing the information of the rather sensational suicide of a man by the name of Cass Rail, a well known and well-to-do farmer living four miles from Pillager.

It seems that Rail had been in ill health for some time and brooding over this and the fear that he never would be able to recover, he committed the deed. He was in his bed sick at the time, but was able to get out and reach for his shot gun which was hanging on the wall. He set up in bed, took the gun, placed the muzzle to his breast and with an old cane reached for the trigger and pulled it. The shot killed him instantly.

Deceased was in his seventy-eighth year and leaves a wife and also several children who are grown up.

The town of Rail Prairie, in Morrison county, was named after the deceased.

SOLD POP FROM PUSH CART.

Senator Jud LaMoore, of Pembina, N. D.
Speaks of Alex McKenzie's Ex-
perience in Brainerd.

Senator Jud LaMoore, of Pembina, N. D., a man with a reputation as long as a clothes line as a political manipulator, and second only to Alex McKenzie, of Bismarck, St. Paul, Washington, etc., was in the city last evening, having returned from a little trip up north for an outing with his old friend, Banker Holmes, of Bathgate, N. D.

Jud LaMoore expects, if he can secure the spot of land that he has designs on, to erect a summer cottage near Smiley on Fish Trap lake, and the people of this vicinity may see considerable of that gentleman in the future.

While in the city last evening the stalwart North Dakotan turned into a rather reminiscent frame of mind and told of his experiences in this city "way back in the seventies." The city, he said, has changed materially since those days, and there are now none of those whom he used to know living here. He was well acquainted with W. W. Hartley, C. F. Kindred and some of the old timers.

While standing on the curb on Front street the senator began to look around as though trying to figure something out and then finally remarked, "I think it was about on this spot that I first met Alex McKenzie, and do you know that he then had a little pop factory over south of here somewhere and hauled the product of his little dump around in a little cart by hand." Since that time both Alex and Jud have waged many a battle, standing side by side, sweeping down upon the enemy at a time with a force that the enemy themselves can only describe, and nine out of every ten times the two generals came out with flying colors, and for all these years LaMoore and McKenzie have been at the helm in North Dakota politics and their power never seems to wane. When there is something doing they always "bob up serenely." But it will be interesting to know that Alex McKenzie once lived in Brainerd and sold pop from a push cart.

BASE BALL NUBS

If the rumor which was circulated on the streets yesterday and which is being circulated today is true, Athletic park will be taxed to its fullest capacity tomorrow when the Aitkin ball team will play a game with the B. P. O. E. team of this city. It is rumored that Bemis, who pitched here last year, and who is now pitching for the Winnipeg Northern League team, will be in the box for the Aitkinites. They have, it is understood, secured him for the day at a fancy price and expect to make the fur fly. The B. P. O. E. boys are like prancing steeds in their stalls and are ready for the fray. They do not care who the Aitkinites pitch, for they say that they will win in a walk with Dr. Watkins in the box. It will be interesting sport, however, if Bemis does come, and the game will doubtless be a pitchers battle in this event, but there is no doubt as to the outcome. The lineup of the local aggregation will be the same as at Walker, and if the boys play in as good form as they did at that place there will be nothing to it. The game tomorrow will be called at 3:30 o'clock sharp.

The regular Brainerd team leaves tonight for Staples to play the team of that city tomorrow.

The regular Brainerd team is playing the Walker team this afternoon at Walker.

Will Be Open Evening Before.

COUNCIL GRANTS REQUEST OF EAGLES

City Council Grants them the
Privilege of the Streets for
the Week of July 20th

EAGLES SIGN THE CONTRACT.

And the Merchants of the City
Will Give Carnival Com-
pany Bonus of \$600.

There was a special meeting of the city council last night in chambers, called for the purpose of considering the request of the Brainerd Aerie of Eagles for a privilege of putting on the big street carnival of the Patterson & Brainerd Carnival company referred to in the DAILY DISPATCH of yesterday.

President Crust was in the chair and those present of the aldermen were: Gardner, Purdy, Murphy, C. D. Johnson and F. H. Gruenhagen.

Mayor Halsted was present and he being the gentleman who called the meeting he explained its purpose. He stated that the carnival company, he thought, was a good one and believed that the granting of the privilege would result in much good to the city. All that the Eagles asked was that they be granted the privilege of the streets to put up the tents etc., from July 20 to 25 inclusive, without a license; the council was not asked to contribute money at all.

The matter was quite thoroughly discussed. A. H. Barkley, representing the carnival company, was present and made a statement regarding the performances and where they had been this season. He produced letters from some of the mayors of the larger cities of the state which gave the carnival people quite a send off.

Finally on motion of Alderman C. D. Johnson the request of the Eagles was granted, with the stipulation that there be no violations of the city ordinances on the part of the carnival company.

Mr. Barkley gave the council to understand that there would be no gambling in connection with the shows and that they would be strictly moral and decent throughout.

After the meeting of the council the trustees of the order of Eagles met and signed the contract with the representative of the carnival company. The Eagles guarantee a bonus of \$600 to get the attractions in here, and after that the order is to get a small percentage from the general receipts. A portion of the receipts go to the flood sufferers at Kansas City.

The Eagles are going to turn in and make this event one of the biggest of the kind in the history of the city. There is little less than a month before the carnival will be here, but some diligent work is to be done between now and then and the attractions will be thoroughly advertised, not only in this city, but in the towns and villages near Brainerd.

Worst of all Experiences.

Can anything be worse than to feel that every moment will be your last? Such was the experience of Mrs. S. H. Newson, Ducator, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by H. P. Dunn & Co. druggist.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colds to be unequalled. A recent expression from T. J. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by H. P. THE EXCURSION TO WALKER.

Over Two Thousand People Leave the
City for Walker and Leech Lake
This Morning.

It is estimated that there were over two thousand people who left for Walker this morning on the big N. P. employees excursion. This is the annual picnic of the employees of the shops in this city, and it is estimated that it is the largest that has ever been held.

There were more people around the N. P. depot than has been seen in a long time, this morning. The first section was packed and left a few minutes after 6 o'clock, and the second section was made ready and was also quickly filled, almost to overflowing. This section left about 6:45. The reports from the passengers on the regular passenger from the north are to the effect that the excursionists all arrived safely and the town of Walker is in gala attire.

A ball game will be played this afternoon and the other sports will be pulled off. It is a little windy for boating on the lake, but notwithstanding this, many are taking advantage of this recreation and hired boats early and were off.

The picnickers will probably reach Brainerd on the return trip about 11 o'clock tonight.

IS FINE LIKENESS

Freeman Thorp, Noted Portrait Painter,
Finishes Henderson's Picture--To
Hang in Capitol.

[From the Telegraph-Herald, Dubuque, Iowa, June 23, 1903.]

Freeman Thorp, one of the greatest painters in America, is in the city putting the finishing touches on a life-sized likeness of ex-Speaker Henderson, which will hang in the house of representatives with the other ex-speakers.

The portrait of the former speaker is one of the most notable of the year. Painted from life while Mr. Henderson was holding the second highest position in American public life, it is a fine likeness of the brave Scot. It is a side view and the characteristics of his face are shown to advantage, while the coloring is superb. Looking at it the spectator can hardly be persuaded that it is a portrait—and this is the highest tribute to the artist's handiwork.

Mr. Henderson gave Mr. Thorp four sittings for the portrait, and he has been at work on it off and on since last April. The portrait was exhibited in the Hotel Julien, where Mr. Thorp is staying, for the first time this morning and Mrs. Henderson and a number of the speaker's close friends were enthusiastic in their admiration of it.

Mr. Thorp is brought into special prominence because of the fact that he has recently painted a portrait for former President Cleveland, which has been hailed as one of the best ever turned out by an artist in America. Moreover it is a tribute to his genius to be commissioned to paint the portrait of Mr. Henderson, for it is the height of every artist's ambition to have one of their pictures grace the walls of the Capitol building. Ex-Speaker Reed's portrait was the work of Sargeant and the artist was paid \$1,500 for his work. When it is considered that the friends of the speaker pay for the portrait out of their own pockets it can be seen that there is no favoritism shown when the artist is selected, it being the desire to get the best work done, no matter what the cost.

Mr. Henderson will give Mr. Thorp another sitting tomorrow morning when the picture will be completed. It will be on exhibition in Noyes' Art store tomorrow afternoon.

Other noted portraits painted by Mr. Thorp are those of Secretary Wilson, General Kesler of New York, Associate Justice Nelson, President Grant.

From Dubuque Mr. Thorp will go to Omaha, where he will paint the portrait of Count Creighton. He will then go to Montana where he will do work for the state house.

Don't Forget

that it will be cheaper to travel than to remain at home on and after July 1st when the Minnesota & International Railway Co. reduces its passenger rates to the basis of three cents per mile. Good fishing and healthful outing to be had at various points along that line.

CASS RAIL BROODS OVER ILL HEALTH

Placing Muzzle Of His Shot Gun
to His Breast He Pulled Trig-
ger with Cane.

WELL KNOWN IN THIS CITY

He Leaves a Wife and Several
Children, Who Live not Far
From Pillager.

Editor Pennar came in from Pillager this afternoon bringing the information of the rather sensational suicide of a man by the name of Cass Rail, a well known and well-to-do farmer living four miles from Pillager.

It seems that Rail had been in ill health for some time and brooding over this and the fear that he never would be able to recover, he committed the deed. He was in his bed sick at the time, but was able to get out and reach for his shot gun which was hanging on the wall. He set up in bed, took the gun, placed the muzzle to his breast and with an old cane reached for the trigger and pulled it. The shot killed him instantly.

Deceased was in his seventy-eighth year and leaves a wife and also several children who are grown up.

The town of Rail Prairie, in Morrison county, was named after the deceased.

SOLD POP FROM PUSH CART.

Senator Jud LaMoore, of Pembina, N. D.
Speaks of Alex McKenzie's Ex-
perience in Brainerd.

Senator Jud LaMoore, of Pembina, N. D., a man with a reputation as long as a clothes line as a political manipulator, and second only to Alex McKenzie, of Bismarck, St. Paul, Washington, etc., was in the city last evening, having returned from a little trip up north for an outing with his old friend, Banker Holmes, of Bathgate, N. D.

Jud LaMoore expects, if he can secure the spot of land that he has designs on, to erect a summer cottage near Smiley on Fish Trap lake, and the people of this vicinity may see considerable of that gentleman in the future.

While in the city last evening the stalwart North Dakotan turned into a rather reminiscent frame of mind and told of his experiences in this city "way back in the seventies." The city, he said, has changed materially since those days, and there are now none of those whom he used to know living here. He was well acquainted with W. W. Hartley, C. F. Kindred and some of the old timers.

While standing on the curb on Front street the senator began to look around as though trying to figure something out and then finally remarked, "I think it was about on this spot that I first met Alex McKenzie, and do you know that he then had a little pop factory over south of here somewhere and hauled the product of his little dump around in a little cart by hand." Since that time both Alex and Jud have waged many a battle, standing side by side, sweeping down upon the enemy at a time with a force that the enemy themselves can only describe, and nine out of every ten times the two generals came out with flying colors, and for all these years LaMoore and McKenzie have been at the helm in North Dakota politics and their power never seems to wane. When there is something doing they always "bob up serenely." But it will be interesting to know that Alex McKenzie once lived in Brainerd and sold pop from a push cart.

BASE BALL NUBS

If the rumor which was circulated on the streets yesterday and which is being circulated today is true, Athletic park will be taxed to its fullest capacity to-morrow when the Aitkin ball team will play a game with the B. P. O. E. team of this city. It is rumored that Bemis, who pitched here last year, and who is now pitching for the Winnipeg Northern League team, will be in the box for the Aitkinites. They have, it is understood, secured him for the day at a fancy price and expect to make the turf fly. The B. P. O. E. boys are like prancing steeds in their stalls and are ready for the fray. They do not care who the Aitkinites pitch, for they say that they will win in a walk with Dr. Watkins in the box. It will be interesting sport, however, if Bemis does come, and the game will doubtless be a pitchers' battle in this event, but there is no doubt as to the outcome. The lineup of the local aggregation will be the same as at Walker, and if the boys play in as good form as they did at that place there will be nothing to it. The game tomorrow will be called at 3:30 o'clock sharp.

The regular Brainerd team leaves to-night for Staples to play the team of that city tomorrow.

The regular Brainerd team is playing the Walker team this afternoon at Walker.

Will Be Open Evening Before.

The barbers of the city have decided to keep their shops open on the evening of July 3 until 11 o'clock at night. This is done on account of the day following being a legal holiday, Fourth of July.

REPLY MADE PUBLIC.

Charles Emory Smith Answers Charges
of Mr. Tulloch.

Philadelphia, June 27.—Charles
Emory Smith, who was succeeded as
postmaster general by Mr. Payne, has
made public his reply to the charges
made by Mr. Tulloch in connection
with the postoffice investigation.

He gives a great mass of "exhibits,"
and comments upon them and upon re-
ports of inspectors, all tending to
justify Mr. Smith's official action in
every particular. Here is the most
interesting passage:

"Of all the appointments referred to
in the (inspector's) report, I had
personal knowledge of and personal
interest in only one. That was the
case of a most estimable newspaper
woman, long a successful Washington
correspondent, whom I had known for
twenty years, and who, through mis-
fortune, was in much distress. Know-
ing her need and being able to help
her, I should have been a brute if I
had failed to do so. As she was not
on the roll of eligibles, she could not
be made a clerk, and I requested that
a place should be found for her on the
roll of laborers.

"Months afterward I learned, to my
surprise, that she was enrolled as a
clerk, and though a refined lady of
education, had conscientiously been
doing a cleaner's work. Immediately I
sought to find a place more suitable
to her position and talents, and
happily succeeded. This was the only
case of the kind in which I had any
personal part. If anybody thinks the
postmaster general should know the
number of cleaners and whether they
were all at work, I have nothing to
say."

TO CONSTRUCT A MODEL CITY.

George W. Vanderbilt Acquires a

Asheville, N. C., June 27.—The Cit-
izen has a special from New York say-
ing that George W. Vanderbilt has ac-
quired a large tract in Hendersonville
and Brevard, N. C., thirty miles from
Asheville and will shortly commence
construction of a model manufacturing
city, all of which will be erected and
ready for occupancy before anyone will
be allowed to settle in the new city.
A complete system of waterworks, elec-
tric light, heat and power will be in-
stalled.

DINES THE EMPEROR

AMBASSADOR TOWER AND THE

KAISER DELIVER FELICIT-

OUS ADDRESSES.

Kiel, Prussia, June 27.—The dinner
given by United States Ambassador
Tower to the German emperor last
night was made the opportunity, both
by the emperor and the ambassador,
to utter felicitous speeches.

Ambassador Tower said it was with
very great pleasure that he was per-
mitted to present to the emperor Rear
Admiral Cleton and the officers of the
United States navy, who came with
ships of war on a mission of peace,
bringing the cordial sentiments of
friendship from America to Germany.
The ambassador said he was convinced
Emperor William and his people en-
tertained the same sentiments in re-
turn towards the president and peo-
ple of America. He referred to the
visit of Prince Henry to the United
States, and said the paths of Germany
and the United States lie together in
the future and they should be followed
in harmony. He praised the Germans
in America, and concluded with con-
veying the cordial greeting of the
United States to Germany.

Proposes Health of the Kaiser.

Mr. Tower then proposed the health
of the German emperor, the empress,
the crown prince and the members of
the imperial family.

Emperor William, speaking in Eng-
lish, made the following reply:

"In responding to your excellency's
warm and sympathetic toast, I offer a
cordial welcome to the American
squadron, Admiral Cotton and his of-
ficers, in the name of the German peo-
ple. We look upon them as the bear-
ers of the friendly sentiments of the
citizens of the United States, to which
I can assure your excellency the whole
of Germany heartily responds. I am
happy that my hopes for a better mu-
tual understanding between our two
countries through the personal inter-
course which my brother was able to
hold with your excellency's country-
men, have been fully realized, and have
strengthened the bonds of friendship
between Germany and America.

"My sincerest wish is that our peo-
ple may become closer acquainted.

Extends Thanks to Roosevelt.

"It is now my duty to beg your ex-
cellency to thank his excellency, the
president of the United States, for this

ATTITUDE OF RUSSIA

PETITION OF AMERICAN JEWS TO
THE CZAR WILL BE POLITE-
LY RETURNED.

TENSION IN UNITED STATES

RUSSIA WOULD GLADLY RELIEVE

IT, BUT CANNOT SACRIFICE

A PRINCIPLE.

Washington, June 27.—The Russian
government has learned with profound
regret of the intention of the Wash-
ington authorities to forward to St.
Petersburg a petition from American
Jewish people, relative to Russia's
treatment of the Jews. It is hoped
that the United States will appreciate
the Russian view of the case and will
content itself with the kindly expres-
sions of sympathy which it already
has offered for the affair at Kishineff.
The Associated Press already has
stated the Russian position regarding
what is considered outside interference
in the internal affairs of Russia.

That position continues to be held
and the Associated Press is further
permitted to say that Mr. Riddle, the
American charge, when he presents
the petition at the Russian foreign of-
fice, will be received with the same
cordiality always accorded an Amer-
ican envoy. In returning the petition
to Mr. Riddle the officials will assure
him that Russia cherishes no ill will
toward the United States and that the
action it takes with respect to the
petition is necessary in view of Rus-
sia's unalterable policy of refraining
from interference in the internal af-
fairs of other powers and insisting on
similar treatment for itself.

The Russian government hopes its
firmness in the matter will not be mis-
understood, but in view of the an-
nouncement of its position weeks ago
is surprised at the developments which
will force a retraction of its views. Mr.
Riddle, it can be stated, will be sub-
jected to no personal embarrassment
in presenting the petition and he will
be given to understand that the St.
Petersburg authorities appreciate the
fact that he is only carrying out his
orders. Should the presentation of the
petition be deferred until the return
to St. Petersburg of Mr. McCormick,
the American ambassador to Russia,
the same programme will ob-
tain unless in the meantime the Rus-
sian government is made aware of ex-
tenuating circumstances, which will
put the matter in a different light. In-
deed, it is declared Russia would be
glad to do anything possible to relieve
the tension in the United States, but
feels unable to sacrifice a principle
which it has followed hitherto and the
American support of which it has
warmly endorsed.

EXEMPT FROM TAXATION.

Decision Affecting Endowed Educa-
tional Institutions.

St. Paul, June 27.—The state su-
preme court has decided a vital point
affecting endowed educational insti-
tutions of Minnesota. By the decree
colleges, universities and academies
not organized under special acts can-
not be taxed on their endowments.

The endowments, the court holds,
are an essential part of such institu-
tions, which the constitution, exempt-
ing educational institutions from tax-
ation, clearly embraces.

The decision was rendered by Jus-
tice Brown in the case of Rice county
against the Bishop Seabury Mission,
which maintains the Shattuck and Sea-
bury schools and St. Mary's seminary
at Faribault.

Kansas Solons Refuse to Appropriate
Money for Flood Sufferers.

Topeka, Kan., June 27.—The extra
session of the Kansas legislature ad-

bills were passed, only two of which
were of a general nature. Most of
them gave Kansas counties the right
to restore bridges that had been
washed away by the flood. County
commissioners are authorized to aid
flood sufferers from the county fund
to any extent that seems best to them.
To the last, an effort was made to pass
a bill appropriating money for the re-
lief of sufferers, but it was defeated.

REPLY MADE PUBLIC.

Charles Emory Smith Answers Charges
of Mr. Tulloch.

Philadelphia, June 27.—Charles
Emory Smith, who was succeeded as
postmaster general by Mr. Payne, has
made public his reply to the charges
made by Mr. Tulloch in connection
with the postoffice investigation.

He gives a great mass of "exhibits,"
and comments upon them and upon
reports of inspectors, all tending to
justify Mr. Smith's official action in
every particular. Here is the most
interesting passage:

"Of all the appointments referred to
in the (Inspector's) report, I had
personal knowledge of and personal
interest in only one. That was the
case of a most estimable newspaper
woman, long a successful Washington
correspondent, whom I had known for
twenty years, and who, through mis-
fortune, was in much distress. Know-
ing her need and being able to help
her, I should have been a brute if I
had failed to do so. As she was not
on the roll of eligibles, she could not
be made a clerk, and I requested that
a place should be found for her on the
roll of laborers.

"Months afterward I learned, to my
surprise, that she was enrolled as a
clerk, and, though a refined lady of
education, had conscientiously been
doing a cleaner's work. Immediately I
sought to find a place more suitable
to her position and talents, and, hap-
pily succeeded. This was the only
case of the kind which I had any per-
sonal part in. If anybody thinks the
postmaster general should know the
number of cleaners and whether they
were all at work, I have nothing to say."

ready for occupancy before anyone will
be allowed to settle in the new city.
A complete system of waterworks, elec-
tric light, heat and power will be in-

DINES THE EMPEROR

AMBASSADOR TOWER AND THE

KAISER DELIVER FELICIT-

OUS ADDRESSES.

Kiel, Prussia, June 27.—The dinner
given by United States Ambassador
Tower to the German emperor last
night was made the opportunity, both
by the emperor and the ambassador,
to utter felicitous speeches.

Ambassador Tower said it was with
very great pleasure that he was per-
mitted to present to the emperor Rear
Admiral Cotton and the officers of the
United States navy, who came with
ships of war on a mission of peace,
bringing the cordial sentiments of
friendship from America to Germany.
The ambassador said he was con-
vinced Emperor William and his people
entertained the same sentiments in re-
turn towards the president and people
of America. He referred to the
visit of Prince Henry to the United
States, and said the paths of Germany
and the United States lie together in
the future and they should be followed
in harmony. He praised the Germans
in America, and concluded with con-
veying the cordial greeting of the
United States to Germany.

Proposes Health of the Kaiser.

Mr. Tower then proposed the health
of the German emperor, the empress,
the crown prince and the members of
the imperial family.

Emperor William, speaking in En-
glish, made the following reply:

"In responding to your excellency's
warm and sympathetic toast, I offer a
cordial welcome to the American
squadron. Admiral Cotton and his offi-
cers, in the name of the German peo-
ple, we look upon them as the bear-
ers of the friendly sentiments of the
citizens of the United States, to which
I can assure your excellency the whole
of Germany heartily responds. I am
happy that my hopes for a better
understanding between our two
countries through the personal inter-
course which my brother was able to
hold with your excellency's country-
men have been fully realized, and have
strengthened the bonds of friendship
between Germany and America."

"My sincerest wish is that our peo-
ple may become closer acquainted."

Extends Thanks to Roosevelt.

"It is now my duty to beg your ex-
cellency to thank his excellency, the
president of the United States, for this
joyous occasion for which we are in-
debted for his kindness. We over
here admire his firmness of character,
his iron will, his devotion to his coun-
try and his indomitable energy, and
we readily grasp the hand proffered
to us across the sea in cordial friend-
ship, feeling at the same time that

"Gentlemen, I propose the toast of
his excellency, the president of the
United States: God bless him and the
United States."

Emperor William last night for the
first time saw the flag of the president
of the United States which formed
part of the decorations of the ban-

where Ambassador Tower's dinner
was given.
